

Mathematics

We will use Ark Maths Mastery to support our learning of Mathematics - focusing on doubling and halving and, shape and pattern.

We also use NECTM Mastery number to develop our number knowledge.

Literacy-

The children will have daily phonics sessions where we follow the Little Wandle scheme, they will be learning new sounds to develop their reading. We use Talk for Writing and Drawing Club to develop children's comprehension and writing skills. It is really important you read at home with your child. They will be sent home with a new book every Thursday.

Expressive Arts and Design

The children will be expressing their imagination in the role play area. We will also explore threading and weaving within our design and technology unit. We also do weekly lessons of music. Our unit this term is called 'Big Band' where the children will be showing off a big bang performance to their peers.

Physical Development:

Reception will have weekly PE lessons with Miss Lay.

They will also be developing their fine motor skills in the tinkering and construction area and developing their gross motor skills by playing on scooters and developing throwing.

We will be developing health and self-care by thinking about a healthy eating.

Summer 1 2025 - Reception class are learning about:

All Around the World/ Spring and Growth

We will be exploring the seasonal changes of Spring and the growth it brings. We will do this by planting plants and watching them grow. We will also be growing our own butterflies. We will

Personal Social and Emotional Development and RE:

We will be talking about what makes a good friend and discussing what is right and wrong. We will also be continuing our learning about different celebrations around the world.

Communication and Language

The children will be continuing to develop their listening, attention and speaking skills through play and exploration with other peers in the role play area.

Understanding the World

The children will be exploring seasonal changes and how plants change. They will also be exploring push and pull, and loud and quiet in science. In RE we will be discussing different celebrations around the world.
