

Mathematics: To begin Year 6, we will be using the data from our assessments to truly focus on the needs of our children. In mathematics, we will be covering number and the four operations to ensure they have the mathematical skills needed to develop their learning. Times Table Rock Stars will further develop your child's number skills, and we encourage

English: For English, we will be writing a first-person narrative based on the Greek legend of 'Theseus and the Minotaur' using figurative language and visual literacy. Alongside this, we will create our own poems based off

Science:

This half term, our science unit is 'Living things: classifying big and small'. In this unit, we will be learning about the work of Carl Linnaeus and his importance in Biology. We will also be classifying many

Autumn 1 2025 - Class 6M are learning about:

What can the census tell us about local areas?

History: Our history this half term is 'What can the census tell us about the local areas?'. We will focus on: what we can learn from the Victorian census, what the census suggests

MFL:

For Autumn 1, Year 6 will be learning Spanish through a unit called 'Clothes'. This unit focusses on describing a selection of different items of clothing and designing a

PE:

This half term, our PE topics are football and swimming. We will be developing our dribbling skills in football and focussing on improving our stamina so that we can swim.

RE:

This half term, our RE will focus on the religion of Islam, and the faith's beliefs on the afterlife and Akhirah. Our learning will focus on answering the questions: does

Text Driver:

Our text driver for this half term is 'Who Let the Gods Out' by Maz Evans.

Our diversity text we will

DT:

Our DT lessons will focus on how technology has changed the world, and we will be developing our understanding and skills in making cams and mechanisms. We will

Music:

Year 6's first unit in Music focuses on dynamics, pitch and texture. We will be engaging in discussion about the sounds of an orchestral piece as well as creating a graphic score to represent sounds. We will also be taking on the role of a conductor and following a conductor to show

PSHE:

In PSHE, we are studying the puzzle piece 'Being in my World'. We will be learning about how to understand our fears and worries about the future, how our actions affect people locally and globally as well as how

Computing:

This half term, our computing unit is called 'Computing system and networks: Bletchley Park and the history of computers'.

In this unit, Year 6 will be: exploring code-breaking at Bletchley Park, important historical figures in computing, the evolution of computers, designing a computer of the future and creating an audio advert.

Homework

In Year 6, homework will be given out on a Friday and should be returned to Mrs Morewood by the following Thursday.

To prepare the children for the SATs, they will be given a piece of reading homework as well as a piece of maths homework every week. Children are also encouraged to read at home every day and to log this on Boom Reader.

Finally, to help with spellings, children will be given weekly

Nonsuch Values:

During this half term, the children will be focussing on a different Nonsuch Value each week. These are:

- Compassion
- Self-awareness
- Aspiration
- Commitment
- Resilience
- Integrity

As a class, we will be
